ARE YOU INTERESTED IN BEING AN EDUCATED PERSON?

A recent article from one of the educational bulletins lists the traits of an education person. Do you recognize yourself or some people you know?

Curious	Desire to Learn
Confident	Interest in Diverse Ideas
Strong Self-Image	Commitment to Personal Growth
Compassion & Concern for Others	
Interest in Helping Others	
Competence & Good Judgment	
Sense of History and Culture	
Ability to Apply Education to Real Life	
Willingness to Continue Learning	

TCC OFFERING WEEKEND

Are you be preparing for the March rating exam? Are you a new or returning college student who freezes up at test time? You can improve your reading and test taking skills, learn test-taking strategies, and reduce your test-taking anxiety by enrolling in TCC's one credit hour weekend class, STD 195 (Section 611) Topics in Test Taking Skills. The course will be presented on base at NAS Oceana, FRI November 2nd, 5 – 9 p.m. and SAT November 3rd 8:00 a.m. – 4 p.m. in Navy College Bldg. 531, Room T-105. Enrollment is underway and seating is limited. Interested students can sign up with the TCC representative located on base.

ATTENTION: COMMAND EDUCATION REPS.

ATTENTION GRADUATES!

Have you recently completed a certificate or degree program? We are looking for you and for a copy of your diploma! The Navy has invested a significant amount of money in the Navy College programs. One way to measure the effectiveness of the program is to account for and *celebrate* your success.

Please bring a copy of your diploma or certificate to the Navy College Office in Bldg. 531 and we will add you to our "Board of Education". For your effort, Navy College has a gift for you, so stop by today with your diploma!

TIPS FOR SUCCESS IN COLLEGE

The following information is offered to help you have a successful and enjoyable college experience.

1. Register early and have an alternate plan if your class is filled.
2. Select classes based on your academic capabilities. (Don't take all your hard subjects at the same time.)
3. Class attendance is important. You have to be in class to participate. Even if you do an online class your participation is important.
4. Be on time for class, arriving late is a distraction to everyone.
5. Online courses are not easier, though for many they are more convenient. Know yourself. Do you do better in a classroom environment or are you motivated enough to work on your own?
6. Make sure your instructor knows who you are!
7. Provide your instructors with feedback. Let them know what worked well and what did not. Give examples.
8. Don't be afraid to ask for help.
9. Turn in assignments on time.
10. Present differences of opinion assertively but without anger. Understand that your peers have valuable opinions also.
11. Communication is key. Understand what your instructor expects.
12. Don't expect your instructors to be outstanding everyday or to be personal counselors. They are real people also.
13. Read what you are given. The course syllabus should be taken seriously.
14. Pay attention to deadlines.
15. Don't study for more than 2 hours at a time. Consider the 30-3-2 schedule. Study for 30 minutes take a 3-minute break and upon returning take 2 minutes to review what you just studied and preview what's next.
16. Take clear concise notes during lectures or tape the lectures.
17. Save your grade reports. Occasionally people make mistakes entering information in computers.
18. Maintain a positive attitude. Not every class is interesting but nor is every class boring. College is an experience not a moment in time. It is not a contest - pace yourself so that you can do well.
19. Above all...Enjoy yourself!!

The Navy College Office Workshop Schedule

COLLEGE ORIENTATION is scheduled every Tuesday at 1100, Navy College Office, Bldg. 531.

No reservations are required. It is mandatory for all new students. It is strongly recommended for those who may not be familiar with all of the services and programs available through the Navy College Office or for new students who are interested in individual counseling with one of our counselors. The workshop lasts approximately 1 & ½ hours.

Note: The Navy College Office will approve the first tuition assistance document for the new student; however, the student must attend the workshop **BEFORE** the second document is requested. We are always willing to work with students to meet the counseling requirement mandated by the tuition assistance program.

All students using tuition assistance **MUST PROVIDE** the Navy College Office with a formal degree plan. The plan must be on file **before five classes** are completed. We have all of the details to help YOU meet this requirement!

CAREER AND DEGREE PLANNING WORKSHOP - *Are you interested in going to school but not sure what classes or degree to pursue?* The Navy College Office has a workshop to address this issue. The *Career and Degree Planning Workshop* is available once a quarter. **The next workshop will be offered on Thursday, 14 November from 0900 - 1200.** Students interested in attending should contact the Navy College Office in advance to reserve a seat. We will make every effort to accommodate walk-ins if seats are available. Because interest inventories resources are limited, this workshop is restricted to NAS Oceana active duty personnel.

Upcoming Registration & Term Dates

School	Registration Dates	Term Dates
ECPI College of Technology (Microsoft Certified System Engineer)	Registration in progress, must see ECPI Rep	(Fiber Optics) (MCSE)
Tidewater Community College	Now – 16 October	16 October – 16 December
Old Dominion University	TBA	11 January – 08 May 2003
Saint Leo University	23 September – 9 October	14 October – 7 December
Embry-Riddle Aeronautical University	16 September – 14 October	14 October – 16 December
Troy State University	30 September - 11 October	14 October – 22 December
Norfolk State Univ. (Offered at Naval Station)	Now - October	14 October – 13 December
Southern Illinois University (Offered at Dam Neck)	26 August - 10 January	18 January – 13 April 2003
Florida Institute of Technology (Offered at Naval Station & Dam Neck)	18 November – 3 January	06 January – 18 April 2003

REGISTRATION AND COURSE INFORMATION – APPLY EARLY!

Apply for tuition assistance **EARLY** in the registration cycle to get the best selection of classes.

Note, first time math and English students typically need to take the college's math and English placement tests. Visit the Navy College Learning Center or our office for materials to help prepare for these exams.

A NOTE ABOUT INCLEMENT WEATHER

All schools on base have inclement weather policies. When inclement weather strikes the colleges and universities will make an announcement regarding class cancellations. You should listen to the radio or local news for word on cancellations or delays. Schools generally follow the lead from the base. If the base is closed or if "BRAVO" personnel are secured, then the schools tend to cancel classes. PLEASE DO NOT CALL THE QUARTERDECK, they do not know the status of classes.

NAVY COLLEGE OFFICE TESTING NEWS

TESTING REMINDERS TO MAKE NOTE OF

1. The **English Composition with Essay CLEP** can only be administered four times a year. The dates for the next fiscal year at NAS Oceana are Thursday, 17 October; 16 January; 17 April; and 5 June. Interested students must call 433-3129 to order the exam through Navy College at least four weeks before the expected test date.
2. The **Excelsior College Exam Program (ECEP) with essay** is available six times a year. Students enrolled in Excelsior College need the essay version of the English Composition exam if they plan to test out of this subject area. Interested students must call 433-3129 to order the exam through Navy College at least four weeks before the expected test date.
3. The **PRAXIS** is administered six times a year at the Navy College DAM Neck. Only military are authorized to take these exams on base. The next administration will be on Monday at 0830 on 23 September. Other projected days are 25 November; 13 January 03; 10 March 03; 28 April; 30 June 03. Call 492-6183 to order.

ROUTINE TESTING

Routine testing is available every **Wednesday and Thursday at 0845 & 1045**, in Bldg. 531, Room N102. Routine testing includes CLEP, DSST, stocked Excelsior College Exams (ECE), the GED, and other student scheduled exams (i.e. independent study). **Students taking ECE, DSST #SE450 or SF/SG 524 must test at 0845.** Testing is free for all active duty and reserve personnel. Eligible civilians may take CLEP & DSST exams on a space available basis for a fee, CLEP - \$56; DSST - \$35. For the DSST exams acceptable payment is a money order, Credit Card or certified check made payable to Chauncey Group International. Personal checks and debit cards are not accepted.

Navy College Oceana is able to scan and provide preliminary results for almost all of the CLEP (military only) and DSST (civilian and military) exams. Students should allow 3 – 5 weeks to receive official test scores (longer for essay and speech exams). Below is the projected schedule for the next several months.

ROUTINE EXAMINATIONS

September		October		November		December	
Wednesday	Thursday	Wednesday	Thursday	Wednesday	Thursday	Wednesday	Thursday
04	05	02	03	06	07	04	05
11	12	09	10	13	14	11	12
18	19	16	17	20	21	18	19
25	26	23	24	27	28/no testing	25/no testing	26/no testing
		30	31				

SPECIAL ORDER EXAMINATIONS

To order call Navy College Office at 433-3129.

Test Title	Order by date	Test Date	Test Time
Excelsior College Exam w/Essay	05 September	03 October	0845 – Session ONLY
CLEP English w/ Essay	05 September	17 October	0845 or 1045
Excelsior College Exam w/Essay	07 November	05 December	0845 – Session ONLY

SAT/ACT SCHEDULE

Test	Date	Day of the Week	Time
SAT	09 September	Monday	0845
SAT	16 September	Monday	0845

FREE Computer-based, Self-paced Instruction

COURSES OFFERED

FASTRACK

- ♦ Language Arts
- ♦ Mathematics
- ♦ Reading

Science

- ♦ Chemistry
- ♦ Physics
- ♦ Biology
- ♦ Earth Science

Work Skills

- ♦ Applied Math
- ♦ Data Skills
- ♦ Reading for Information
- ♦ Writing in the Workplace

Social Studies

- ♦ History
- ♦ Economics
- ♦ Behavioral Science
- ♦ Political Science
- ♦ Geography

Advanced Mathematics

- ♦ Beginning Algebra
- ♦ Intermediate Algebra

- ♦ Advanced Algebra
- ♦ Trigonometry

- ♦ Calculus
- ♦ Geometry

Parenting Skills

Why enroll at the NCLC?

- ♦ Prepare for the ASVAB
- ♦ Prepare for college and college placement exams
- ♦ Prepare for military exams and schools
- ♦ Prepare for CLEP/DSST, SAT, and ACT exams
- ♦ Improve writing skills
- ♦ Personal development

Life and Job Skills

Advantages of studying at the NCLC

- ♦ Flexible scheduling
- ♦ Accommodates work-related absences
- ♦ Self-paced, computer-based study in quiet environment
- ♦ Facilitators available for individual assistance

Free to all active duty personnel, adult family members, retirees, Reservists, and DEP who have a valid US Military ID card!

Success Stories

- ♦ One service member used FASTRACK to prepare to retake his ASVAB. He **increased** his AFQT by **26 points - from 51 to 77**. He attributes his success to this program.
- ♦ A number of students have successfully taken CLEP exams in math and English and most have achieved scores "**substantially higher**" than the American Council on Education minimum required to pass. Others have taken history, economics, and biology and have done equally well.
- ♦ One student told us that his goal was personal growth and to "stay one step ahead of his children" when they bring home their math homework. Now they're working problems together.

Explore the possibilities!

ON BASE SCHOOL NEWS

TIDEWATER COMMUNITY COLLEGE – Associate Degrees

Humanities Course Offered Second Eight-Week Session

Tidewater Community College will offer PHI IOI Introduction to Philosophy, at NAS Oceana the second eight-week session (Oct 17-Dec 16). Philosophy emphasizes questioning and examination of beliefs, values, and moral issues that have shaped man and society. Philosophy typically fulfills a humanities elective in a program of study. Humanities are intended to help develop a student's critical thinking and analytical skills and reinforce written communications skills. Classes will be held Tuesday + Thursday, 4:30-7:10 p.m. in Bldg. 531 Room T-102. Registration continues until October 16. Students must have a Tuition Assistance Authorization in order to register. TCC plans to offer US History I & II in January and Public Speaking and Technical Writing next May.

TCC to Launch New Student Services Software

Soon Tidewater Community College students will be able to access information accounts via the World Wide Web. Services like registration, tuition payment, real-time course information, course enrollment status, grades, and degree completion requirements will be available to students through a software program called Peoplesoft. Peoplesoft is expected to premier in November. Please check out the TCC website ({ HYPERLINK "<http://www.tcc.edu>" }) and campus bulletin boards for announcements about this new service.

The **TCC Office at Oceana and Dam Neck will be closed** for Computer Training the week of **September 16**. For immediate assistance call the Virginia Beach Campus at 822-7100.

Embry Riddle Aeronautical University – Associate, Bachelor & Master Degrees

Have you ever wondered what it takes to manage a large and growing international airport? Join Mr. Kenneth Scott, Executive Director of Norfolk International Airport, who will be teaching **BA 645 Airport Operations and Management** next term, October 14th through December 13th. The course covers topics such as FAA regulations, airport finance, facilities management, traffic forecasting, expansion plans, land use and environmental issues, public relations, as well as safety and security issues. As Norfolk International has just completed a major expansion plan, added new carriers, increased passenger traffic, and has been selected a test locations for various new security procedures, Mr. Scott has recent first hand experience in dealing with all these important issues. This class is in the Management Specialization area for all Master of Aeronautical Science students and can be used as an elective for all others.

Would you like to learn from a NASA Engineer? Dr. Steven Yaros, Advanced Systems Division Chief at NASA-Langley Research center will be teaching **MAS 603 Aircraft & Spacecraft Development**. The course covers topics in vehicle mission requirements, research & development, military & defense considerations, aerospace manufacturing processes, and product support. Get this information first hand, as these are many of the issues that Dr. Yaros faces everyday at NASA. This course is a required "core" course for all MAS students.

Saint Leo University – Associate & Bachelor Degrees

The Fall II Term this year will be from October 14 - December 7, 2002. Regular registration will begin on Monday, September 23rd. Early registration (drop box) will begin as soon as the printed schedule is available for distribution. This should be on, or about, Wednesday, 11 September. Students should consider registering as early as possible, especially for Distance Learning on-line classes. Many of these classes fill up quickly. It is also not too early for students to consider their plans for the second Saint Leo University Intersession Term. This 2 1/2 week term will run from January 6 - January 25, 2003. Classes will be held for 10 nights, four hours each night, on Mondays thru Thursdays. These classes are not offered through Distance Learning, but only in the traditional classroom setting. The Intersession Term allows students to complete an additional class each year in only 2 1/2 weeks. We had about 225 enrollments in these classes last year. So if your schedule permits, this is an excellent opportunity to get a class done very quickly. Registration for the Intersession Term will start on Monday, December 9th, and end on Friday, December 20th.

Old Dominion University –Bachelor & Master Degrees

Going to College? Do Your Planning NOW!

{ HYPERLINK "/" }

The Fall Semester is under way and many potential college students sigh and say they missed their opportunity to start school. *Nothing could be further from the truth! NOW is the time to do your "College Shopping"*{ HYPERLINK "/" } in a calm environment outside of the registration crush. New students who want to start college just before the semester begins are not able to examine the different majors a school offers, and in most instances the initial courses they want to take are full. What a "bummer" for your first time out in the college scene.

Yes, there is a better way to do it and NOW is the time to get going. Administrative offices and program advisors have more time to help you examine a range of possibilities and line up the exact course of study that suites you. These are some steps to consider.

- Visit your Old Dominion University representative at the Navy College Office and find out how we work!
- Examine several programs that interest you by reviewing our catalog.
- Set up an appointment to see an academic counselor on campus and discuss your interests.
- Register ahead of the crowd.

For more information on how **YOU** can get started **NOW**, contact Dave Radcliffe, your Old Dominion University representative at NAS Oceana (491-5109). See you in class!

ECPI College of Technology – MCSE, Fiber Optics, Associate Degrees

Microsoft Certified Systems Administrator (MCSA)

ECPI College Of Technology will hold two **Informational Briefings** on Wednesday, 18 September 2002. The first will be a lunchtime briefing from 1100 to 1300, and the second will be in the evening from 1800 to 2000. The briefings will be held in ECPI's NAS Oceana Networking Classroom/Laboratory, located in building 531 room T101. These briefings will provide in-depth information on the various Information Technology related certification programs offered by ECPI on-board NAS Oceana. Specific topics to be covered include: Microsoft's IT Academy programs (Certified Systems Administrator and Certified Systems Engineer), CompTia's A+ and Network+ certifications, and the Electronics Technician Association's Fiber Optics Installer certification program. For additional information and to reserve a seat call the ECPI Oceana office at 491-5755 or email { HYPERLINK "mailto:rhollingsworth@ecpi.edu" }.

Upcoming On-Base Classes

Course number	Title	Start Date	End Date
CET 100	A+ Preparation	27 Sep 2002	30 Nov 2002
NET 163	Win2K Pro and Server	03 Sep 2002	01 Oct 2002
NET 166	Managing A Win 2K Network	03 Oct 2002	31 Oct 2002
NET 156	Network+ Preparation	09 Oct 2002	20 Nov 2002
CET 100	A+ Preparation	05 Nov 2002	28 Jan 2003
CET 105	Fiber Optics Installer	16 Nov 2002	14 Dec 2002

ECPI College Of Technology offers the following technical certification programs.

CompTia A+ PC Service Technician, CompTia Network+, Microsoft Certified Systems Administrator, Microsoft Certified Systems Engineer, Cisco Certified Network Associate, Electronics Technicians Association Fiber Optics Installer, Electronics Technicians Association Fiber Optics Technician, Sun Solaris Administrator Level I & II, and Certified Internet Webmaster Designer.

For detailed information on any of the degree, diploma, or certificate programs offered by ECPI COLLEGE OF TECHNOLOGY, or to schedule a college or program entrance examination contact the ECPI Military Program Manager, Mr. Rick Hollingsworth at 491-5755 or 615-8070 or by email at rhollingsworth@ecpi.edu. The NAS Oceana Office is

located in building 531 room T101 and is open on Mondays, Wednesdays and Fridays from 0900 until 1700 and on Tuesdays from 1300 until 1700.

SCHOOL NEWS cont.

Troy State University - Master Degrees

Looking for a graduate program that will fit into your busy schedule and one you can complete in 1 to 2 years? Troy State offers 6 masters degree programs in the Tidewater area: EMBA, MBA, MED, MPA, MSM and MSHRM. Classes are offered in the accelerated format either in the evenings or the weekend format.

Registration begins on September 30th for the Term II semester, which starts on October 14th and continues through December 22nd. You can access the schedule at TSU's website { HYPERLINK <http://www.tsuar.edu> }. Copies can also be obtained in the TSU office or at the Navy College office, Bldg. 531.

For further information, please call the TSU representative at 425-2066 or e-mail smcdaniel@tsuar.edu.

Norfolk State University –Bachelor & Master Degrees

Norfolk State University (NSU) is a 21st century educational institution, providing stellar educational products and services to military and civilian communities. Since its incorporation 67 years, NSU has been at the forefront in producing educators, engineers, medical and healthcare providers, corporate and business leaders for the global marketplace.

NSU offers 37 undergraduate and 16 graduate degree programs at its home campus, located in Norfolk Virginia and satellite sites in Naval Station Norfolk, Virginia Beach and Portsmouth. NSU Naval Station Norfolk offers one-stop educational shopping in counseling and advising, SMART transcript evaluations, class registrations, and a flexible 8 weeks mini-term format of undergraduate and graduate classes.

Upholding its motto, "achieving with excellence", NSU Naval Station Norfolk offers its military and civilian students, an undergraduate program of Bachelor of Science in Interdisciplinary (INT) Studies. Students may choose disciplines in history, political science, interdisciplinary studies, and health services management or industrial management technology. It is a "wholesome product and educational services" for every student.

Active duty or retirees may earn up to 90 semester hours of traditional and non-traditional credits towards an INT degree. How is this possible? Military students earn credits through military experience, skills, occupation or rating, training and service schools attended. Many military students acquire sufficient credits to complete all requirements within a 2 to 3 year period. Also, NSU accepts most CLEP or DANTES exams towards the INT degree.

For Command Career Counselors, Drug and Program Advisors, Career Development Advisors, Education Trainers and Community Counselors who are seeking a graduate degree in the field of counseling, NSU offers a Master of Arts degree in Urban Education, with an emphasis on guidance and counseling. This is non-certification, non-licensure graduate degree. The degree emphasis is on community counseling. It is a 13-course program with 200 hours of internship or practical experience in guidance and counseling. The program can be completed in 18 to 24 months. If you enjoy the world of counseling and advising, and your undergraduate GPA is 2.75 or better, contact NSU Naval Station.

For information on Norfolk State University Naval Station programs, contact Ken Clarke, Military Program Advisor at (757) 489-8516, or by email: { HYPERLINK "mailto:kclarke@nsu.edu" } or for other NSU programs visit us online at { HYPERLINK "http://www.nsu.edu" }

Southern Illinois University -- Bachelor Degree

Southern Illinois U. Revises Bachelor's Program

SIU is improving the quality of its Workforce Education and Development Bachelor's Program with a series of design changes implemented this Fall. The first change eliminates one-credit courses and converts two credit courses to three credits. A second change involves revising independent study course manuals and placing them on-line. A third change doubles the length of time students have to accomplish their internships. This change will probably have the most positive impact on students. Students in the past often struggled to complete their 200 plus internship hours in four months. Now they will have eight months to complete their internship.

SIU's WED Program awards up to 44 credits for military training and experience. Graduates become qualified for positions in the expanding training and development occupation. The 36 course credits that make up the WED major are delivered at Dam Neck and 15 other sites around the country on alternate weekends during the year. For additional information about the program call 757-422-4352 or e-mail Dr. Bob Dotzler at { HYPERLINK "mailto:rdotzler@siu.edu" } or stop by the SIU's Dam Neck office in Walker Hall Room 141. You may also check the program website at {

HYPERLINK "<http://www.wed.siu.edu/Public>" }.

Navy College Office & School POC Information

You are encouraged to contact the school of your choice for program information and class schedules and visit with a Navy College counselor to finalize your selection.
